COMP SERVICES AGREEMENT

All comp services are subject to availability! Airports and P/U & D/O may not be valid in the afternoon or evenings on Fri., Sat. or Sun. The driver's fee on comp services will be determined when the office knows where the P/U is and how many stops there are as well as the distance between the P/U and the final destination. The minimum drivers fee on all comp services will be \$60. There will be an additional fuel surcharge depending on the distance and the fuel costs at that time, on all comp services, which will be determined when your wedding day is finalized. Comp information must be received 4 days prior to the wedding date. If not received, your comp services will be voided and full charges will apply. All tolls are additional to the above mentioned prices. There is a 15 minute grace period on wait time. If vehicle wait time goes beyond the 15 minutes, standard hourly rates for that vehicle, plus 20% service fee, plus a fuel surcharge will be added to the complimentary drivers fee. Prices are subject to change.

DIRECTIONAL AGREEMENT

On the day of your wedding, your chauffeur will use maps, GPS navigation system (where available) and listen to local traffic and weather reports and make an educated decision as to which route to take to get to your church, picture location and the reception site, in the timeliest fashion. If there is a specific route that you would like your chauffeur to follow, please write/type it up on a separate piece of paper and send it to our office no later than one week prior to the wedding date, otherwise the chauffeur will use their best judgment on the day of your wedding. Please be aware that DOT vehicles will be required to take specific routes. Please allow additional travel time when booking DOT vehicles.

OVERTIME AGREEMENT / ACTS OF GOD

Designer Limousines is not responsible for traffic of any kind whether it is due to accidents, weather or simply high volume of vehicles on the road. If you get stuck in traffic, the clock is still ticking and it is through no fault of Designer Limousines. The time begins at the scheduled pickup time on each vehicle. Road closures, accidents, gridlock or weather are not the fault of Designer Limousines. There is a three hour minimum on all vehicles on your wedding day. Keep in mind that Designer Limousines wants everything to go as smoothly as possible and for you to stay within your contracted time on your wedding day. Often due to the timing of your church service, picture session and travel to your reception, clients may need more time than the minimum. Take the timing into consideration. Overtime that is booked in advance is approximately 1/2 the price of the premium rate, however once you book the overtime, you are locked into those hours. Overtime is at a premium on the day of service. Designer limousines does not want to put anyone in an uncomfortable or embarrassing situation on their wedding day. With a quarter of a century of experience we have learned that clients do not like to come up with cash nor do we like to ask clients for money on the wedding day for overtime charges incurred. In an effort to make our customers' day even more stress free, we have designed this agreement with the customer in mind so that in the event our clients do go into overtime, the credit card information provided in advance will be used to charge all overtime expenses. The card listed below will be charged on your wedding day unless the card is no longer valid, you decide to pay cash or you supply another credit card on the day of your wedding. Please note that we give you a fifteen minute grace period at the end of your service. Anything past the fifteen minutes will result in overtime charges. Fifteen minutes is our gift to you in the event that there is some kind of hold up on your wedding day; technically you are 15 minutes late when your OT begins!
